Boat Landing Committee Meeting Minutes Monday, April 6, 2026 at 9:00am

1. The meeting took place at the boat landing and was called to order by Chairman John Hurlley at 9:00am.
2. Present for the meeting were committee members John Hurlley, Vicki Kosok, David Brandt, and Kevin Sandwick. Absent from the meeting was Aaron Kallstrom. Also represent were resident Dan Fedie and Wayne Prokosch of River City Welding Inc.
3. Committee Members were introduced to Wayne and discussion on his recommendation for the 2026 operation of the boat landing ensued. Wayne revealed that he had a roll in dock available on a lease to purchase option. It was his recommendation that the existing dock and gangway system not be installed this year due to the high cost of seasonal installation and removal and concerns about the walkway being submerged should the lake water level exceed 670.5 feet above sea level. The concept was well received by the committee, and Wayne was asked to supply a quote in alignment with his recommendation. Committee members were in agreement that this proposal should be presented to the Village Board as the committee's recommendation for operation of the landing for the 2026 season.
4. At 10:00am a motion to adjourn was made by David Brandt and seconded by Kevin Sandwick. The motion carried with all ayes.
